

About Us

The Resting Tree is a welcoming place where adults with special needs can relax, connect, and enjoy meaningful activities in a safe, supportive environment. With both full-day and half-day programs, we aim to give caregivers peace of mind while their loved ones are cared for with kindness and respect. The Resting Tree is the beginning of something bigger. Income from our programs will go directly toward building a future residential community where adults with autism can truly belong and thrive.
